

PlanCoast – The challenges faced by Coastal zones

By Bernhard Heinrichs

Director of Spatial Planning Department
Ministry of Transport, Building and Regional Development Mecklenburg - Vorpommern

PlanCoast Project Area

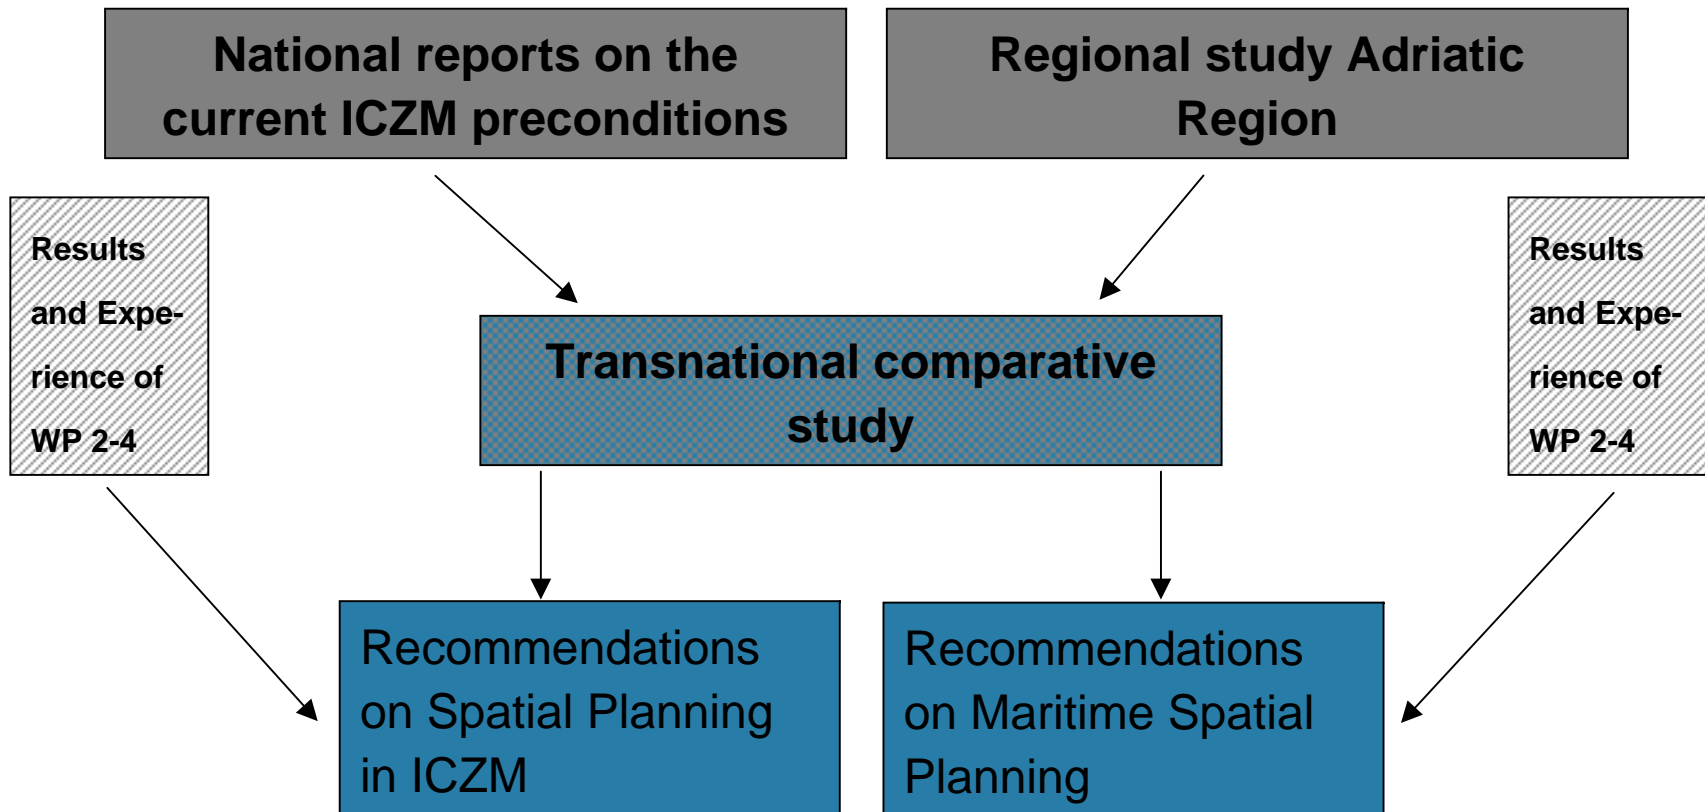

What do we want to achieve?

- to use **Spatial Planning** for successful implementation of **ICZM**

- to establish **Maritime Spatial Planning** as a necessary tool in the **EU Maritime Strategy**

Which steps will be necessary to elaborate our contribution?

Actual state of project implementation/progress

Where are we now:

- National reports are elaborated
- Transnational report is under preparation
- Pilot projects are running

What will happen in the next half year:

- Split: Starting signal for recommendations
- Berlin: Discussion of a first draft of recommendations
- Finalisation of all activities until 4/2008, end of PlanCoast

Thank yo very much for your
attention!
